

# INDIGENISATION OF NAVAL ARMAMENTS

सर्वात्मं शस्त्रम् सुनिश्चितम्

**Directorate of Armament  
Production & Indigenisation**  
Naval Headquarters  
Ministry of Defence (Navy)  
West Block – V, Wing No. 5 (FF), RK Puram

## INDIGENISATION OF NAVAL ARMAMENTS

### **Organisation**

1. Directorate of Armament Production and Indigenisation under DGNNAI at IHQ-MoD(N) is the Authority Holding Sealed Particulars (AHSP) for all Naval Armament (NA) Stores of the Indian Navy. Indigenisation of NA Stores for the Indian Navy, is one of the primary charters of the Directorate. The address of DAPI as given below:-

Directorate of Armament Production & Indigenisation  
Naval Headquarters  
West Block -V, Wing No. 1 (FF)  
RK Puram, New Delhi – 110 066  
Ph No.: 011-26194691  
Email: [dapi.ihq@navy.gov.in](mailto:dapi.ihq@navy.gov.in)

2. DAPI was established in Apr 2017. The role and responsibility of indigenisation of NA stores has been entrusted to DAPI since its inception. Subsequently, following Indigenisation Cells (ICs) were created at:-

- (a) Controllerate of Naval Armament Inspection(West), Mumbai
- (b) Controllerate of Naval Armament Inspection(East), Vishakhapatnam
- (c) Controllerate of Naval Armament Inspection(South), Alwaye
- (d) Controllerate of Naval Armament (Ordnance Factory), Pune
- (e) Controllerate of Naval Armament (Defence Production), Hyderabad

3. In addition, following NAI cells at DRDO labs have been mandated to associate during the R&D activities being undertaken for NA stores:-

- (a) NAI Cell at HEMRL, Pune
- (b) NAI Cell at ARDE, Pune
- (c) NAI Cell at NSTL, Vishakhapatnam

4. DAPI along with Indigenisation Cells at Controllerates and NAI Cells at DRDO Labs is responsible for indigenisation of Naval Armament stores. The role and responsibilities includes:-

- (a) Provide input towards formulation of QRs wrt indigenisation of Naval Armament stores.
- (b) Indigenisation of fast moving components/ spares/ consumables and explosives for all NA stores, their fitment and functioning trials and acceptance into service.
- (c) Undertake in-house indigenisation of NA stores, sub systems/ spares and prepare their drawings, specifications, inspection/ proof schedules, inspection criteria, in association with DRDO/ DPSUs/ Trade.
- (d) Render technical advice on indigenous NA stores, their design, stability, safety and reliability including design modification.

- (e) Maintain close liaison with DGQA, DGAQA, DPSUs, DRDO and private firms on indigenisation/ production QA related issues of NA stores.
- (f) Associate in R&D projects during technical/ user/ environmental trials, transfer of technology and evaluation of NA stores.
- (g) Coordination with various authorities on design, development, manufacture, proof, testing and standardisation of NA stores.

5. Organisation Chart for indigenisation of NA stores is as shown at Figure 1 below and the communication details of various indigenisation cells are placed at Table 1 below.

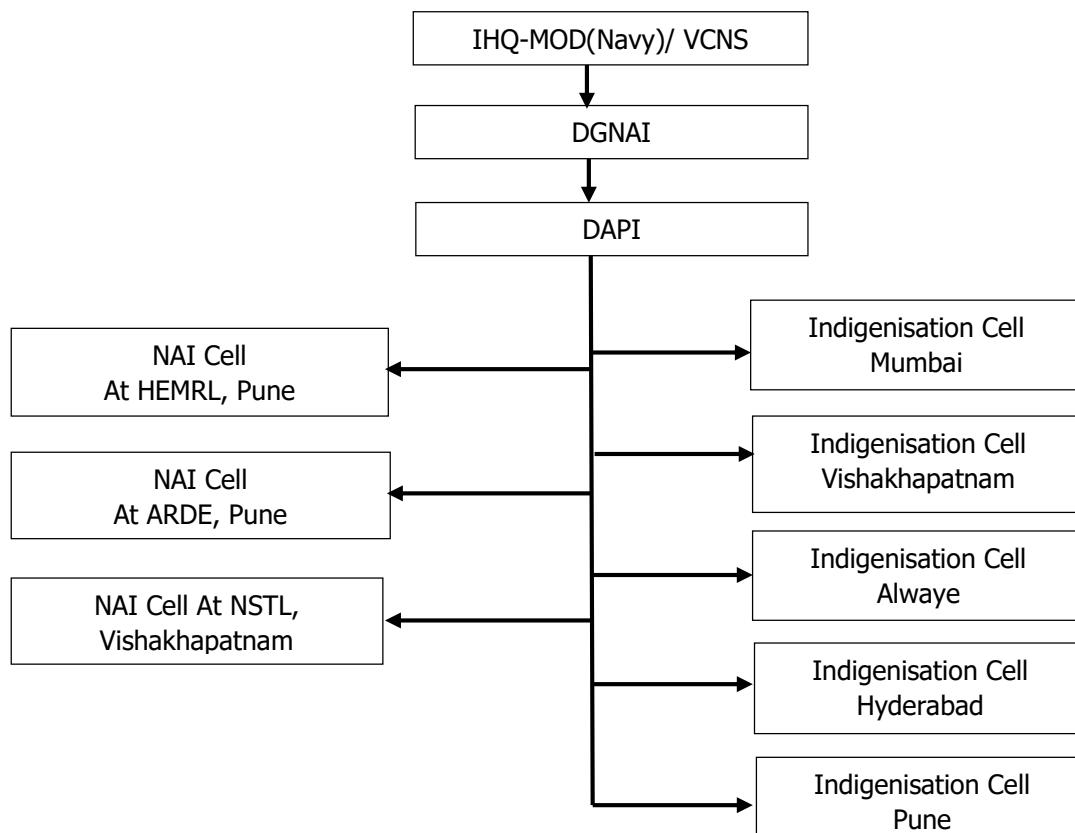

Figure 1: Organisation Chart for Indigenisation of NA stores

Table 1: Communication Details of Indigenisation Cells

Ser.	Indigenisation Cell	Communication Address	Contact Details
(a)	Indigenisation Cell Mumbai <b>CNAI(W)</b>	The Controller of Naval Armament Inspection Controllerate of Naval Armament Inspection(West) Naval Dockyard, Gun Gate Mumbai 400023	Tel: 022-22666091/ 22660990 Fax: 022-22660990 Email: wnccnaimb@navy.gov.in
(b)	Indigenisation Cell Vishakapatnam <b>CNAI(E)</b>	The Controller of Naval Armament Inspection Controllerate of Naval Armament Inspection(East) PO : Naval Armament Depot Vishakapatnam 530009	Tel: 0891-2571143 Fax: 0891-2576416/ 2515468 Email: enccnaiiv@navy.gov.in
(c)	Indigenisation Cell Alwaye <b>CNAI(S)</b>	The Controller of Naval Armament Inspection Controllerate of Naval Inspection(South) NAD PO, Alwaye 683563	Tel: 0484-2838384 Fax: 0484-2839751 Email: sncnaia@navy.gov.in

### **Indigenisation Routes**

6. Indigenisation projects for NA stores are progressed under following routes:-

- (a) **Revenue Scheme.** This route is exercised through funds allotted to IHQ-MoD(N)/DAPI. Appropriate funds are sub-allocated to respective Indigenisation Cells through Admin Authorities.
- (b) **Make II/ III Schemes.** "Make II/ III - Industry Funded" scheme has been described in Chapter III of Defence Acquisition Procedures (DAP) 2020. It primarily focuses on import substitution through development/ upgradation of systems. In this sub-category, no government funding is envisaged for prototype development, but has assurance of orders on successful development and trials of prototype.
- (c) **Technology Development Fund (TDF) Scheme.** The Technology Development Fund (TDF) operated by DRDO was setup in union budget 2014-15. This scheme aims at funding the development of Defence & Dual use technologies. The funding is done to public/ private industry especially MSMEs and only Indian vendor including Association of Person are eligible for this scheme. Each project is capped at 10 Crore with a development period of two years.
- (d) **DRDO Projects.** The indigenisation of NA stores is also progressed through DRDO. DGNAI is the Co-Chairman for the IN-DRDO Synergy - Armament Combat & Engineering (ACE) Cluster.
- (e) **iDEX.** The iDEX (Innovations for Defence Excellence) initiative was launched by the Hon'ble PM in Apr 18 with the aim to achieve self-reliance and foster innovation and technology development in Defence and Aerospace by engaging industries including MSMEs, Start-ups, individual innovators, R&D institutes and academia. Defence India Start-up Challenge (DISC) is being launched since then with Problem Statements (PS) from Armed Forces and DPSUs. iDEX has provision of providing funding to shortlisted vendors under various schemes.

### **Indigenisation Methodology at ICs**

7. Following methodology would be followed for indigenisation of stores:-

- (a) **Development Procedures.** The procedure followed for indigenisation of stores are as per Chapter 15 of DPM-2009 (through Indian industries) or Chapter IV of DAP-20.

(b) **No Cost-No Commitment (NCNC) Basis.** The Production Agencies (PAs) are at times engaged for development of stores on NCNC basis. In such cases, the Indigenisation Cells will generate Paper Particulars (PPs) in association with the Production Agencies (PAs). The store will be declared developed and bulk production may be initiated based on satisfactory trials and approval of IHQ-MoD(N)/DAPI.

(c) **Indigenisation through DRDO/ Academia.** Stores shall be taken up for indigenisation through DRDO/ Academia wherever feasible, post discussion with respective development agencies in DcPP mode.

(d) **Sample Based Indigenisation.** In view of large number of stores required to be indigenised and constraints on resources for generation of drawings/ paper particulars, samples will be issued to development agencies (DAs) for indigenisation. The DAs shall be responsible for generation of drawings and identification of material, etc. based on the sample provided under the supervision of concerned Indigenisation Cell. The RFP may be formulated accordingly.

### **Indigenisation List**

8. A list of more than 800 types of stores integral to missiles, torpedoes and other underwater stores, guns, gun ammunition, etc. is attached at **Appendix 'A'**.

### **Details for Correspondence**

9. In this list, stores have been assigned to various Indigenisation Cells as brought out above. Industries possessing the required infrastructure, capability, expertise and desirous of taking up indigenisation/ manufacturing of the listed components may get in touch with respective Indigenisation Cells (for contact details refer Table 1 above).

**ANNUAL INDIGENISATION PROGRAMME  
FOR NAVAL ARMAMENT STORES (AIPNAS)**

**ROLL-ON PLAN 2023-26**

<u>Ser</u>	<u>Item Description</u>	<u>LPP</u>	<u>LPP Year</u>	<u>MOQ (05 yrs)</u>	<u>Spareability</u>	<u>Remarks</u>
<b><u>IHQ-MOD(NAVY)/DAPI: YEAR 2023-26</u></b>						
1.	Universal Proximity and DA Fuze for 76/62 Gun Ammunition (with electronics adaptable to 76 mm to 127 mm Ammunition)	DA – Euro 175/ fuze Proximity- Euro 375/ fuze	DA – 2017 Proximity - 2021	DA - 4000 Proximity 4000	Yes	Make-II Project
2.	Indigenous Development of Effectors for Anti Torpedo Countermeasure System (5" Mobile Target Emulator) for P-75 Submarines	-	-	-	No	Make-II Project
3.	Development of Limpet Mines Mk-414 (07 Kg) and Mk-430 (15 Kg)	-	-	-	Yes	Make-II Project
4.	Development of 76/62 SRGM Ammunition HE & HEPFF	HE – Euro 646.20 HEPFF – Euro 1210	HE – 2021 HEPFF - 2021	HEDA – 4000 HEPFF - 4000	Yes	Make-III Project
5.	Extended Range Anti-Submarine Rocket (ER-ASR)	-	-	-	Yes	DRDO Projects
6.	Universal Proximity & DA Fuze	-	-	-	Yes	
7.	Guided Pinaka Rocket for Naval Application	-	-	-	NA	
8.	Ctge Submerged Ejector Signal	-	-	-	Yes	
9.	500 Kg GP Bomb	-	-	-	NA	
10.	Cartridge Harness Power Retraction Unit (HPRU) and Command Delay Breech Unit (CDBU)	-	-	-	Yes	
11.	In insensitive Munition (IM)	-	-	-	Yes	
12.	Indigenisation of Signal Flares (Red Star, Green Star, Red Smoke & Green Smoke) and Anti-Submarine Decoy for P-75 class Submarines	• Red Star – Euro 4591/ unit • Green Star – Euro 4591/ unit • Red Smoke – Euro 5432/ unit • Green Smoke – Euro 5432/ unit • Decoy – Euro 5491/ unit	2021	• Red Star – 150 • Green Star – 600 • Red Smoke – 150 • Green Smoke – 250 • Decoy – 300	Yes	
13.	Indigenisation of Chaff Cartridges for MiG 29K	-	-	-	Yes	
14.	Indigenisation of Chaff Cartridges for P8I	-	-	-	Yes	
15.	Development of Microwave Obscurant Chaff for MR Kavach Rockets	-	-	-	NA	
16.	Universal FIAMs	-	-	-	Yes	
17.	IR Decoy	-	-	-	NA	

<u>Ser</u>	<u>Item Description</u>	<u>LPP</u>	<u>LPP Year</u>	<u>MOQ (05 yrs)</u>	<u>Spareability</u>	<u>Remarks</u>
